

Tendances by **LAURIER**

NEW!!!! LAURIER, renowned in applying color to glass with it's CERAFRIT[®], is now proud to announce the arrival of *Tendances*, an all new alternative in applying color to glass. Whether the application calls for spandrel of some other form on interior decoration, *Tendances* is for you... *Tendances* consists of a permanent surface coloration, free of lead, opaque, water repellent and guaranteed not to peel.

Tendances is offered in a variety of colors, solid and metallic. You wish to match a special paint color? We can certainly do it through to our 2600 colors own private collection, and if needed we can match most of the PANTONE or RAL colors.

Tendances is offered in cut size specs, on tempered, annealed or tempered glass. Edgework can be performed.

Tendances Is ideal for partition walls, countertops, spandrel, doors or used as glass tiles for bathrooms and showers interiors.
